1. **Minutes:** September 8th 2022
September Minutes recording: TBD
2. **Consent Agenda:** Approval of Minutes and Agenda
3. **New Business:**
 - a. SPS results from spring 2022 – follow up actions: Provost was invited
 - b. Actions to be taken by the permanent subcommittees during the Fall 2022
 1. Discuss the organization of the virtual Student Project Showcase – Spring 2023 semester to enable the successful completion of the SPS
 2. Websites: content and setup
 - c. Seminar organization – Currently there is a Seminar in some format organized by the College of Arts and Sciences, while CoE is trying to organize its own form of Seminar. There are issues with the number of faculty willing to present and attend as well as with the students’ attendance. The day of the week and the participation format (voluntary vs. required) are issues to debate.
Having a small number of faculty on the campus, the continuity can be ensured if the pool of participating faculty is extended from the College level to the campus level. The interest and the opportunities to collaborate can be enhanced if a common seminar could be organized.
Feedback from faculty:
Emilio Cobanera: “I think it is a great idea! I will be available in the spring (and expect to have some applied physics to talk about)”
Kazi Imran: “Thank you very much for taking this wonderful initiative.”
Carolyn Rodak: “I think this is a nice idea.”
Asif Ahemed: “Excellent proposal! I’d be happy to be involved in such initiatives.”
Bongmook Lee: “It is great idea. I am willing to participate and give a talk.”

4. **Old Business:**

- a. Committee members to survey the represented colleges with regard to Research projects, Scholarly or Creative Works (publications, participation at conferences) that are developed currently in each field of activity. This information may be used to devise actions in support of such activities. Committee to define the rubrics of the survey.
